

## Merre induljak?

A játék segíti az irányok megismerését és megkülönböztetését, mely nagyon fontos eleme az kultúrtechnikák (olvasás, írás, számolás) elsajátításának.

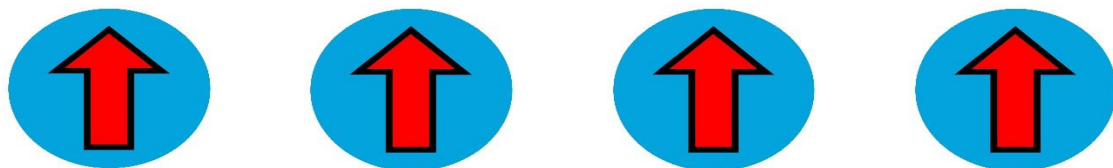

### Eszköz:

4 db üdítő kupak a sablon nyilakkal, sablontáblák.

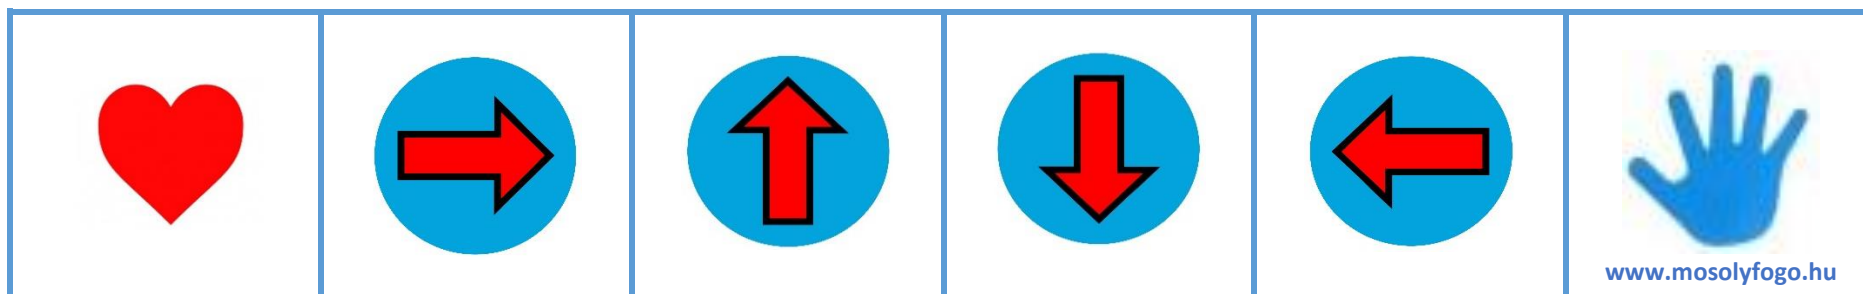

### Játékszabály:

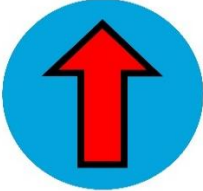

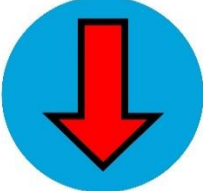

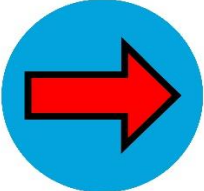

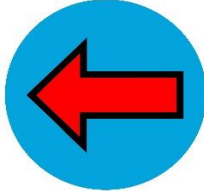

A sablontáblára fel kell helyezni a kupakokat az irányoknak megfelelően. Fontos, hogy a gyerekek nevezzék is meg az irányt: fel, le, előre, hátra. Nagycsoportól már lehet kérni a balra és jobbra elnevezést is. A szív (bal oldal), kéz (jobb a kézfogó kezünk) segíti a bal és jobb differenciálását.

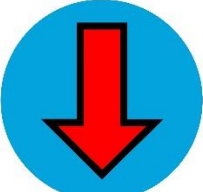

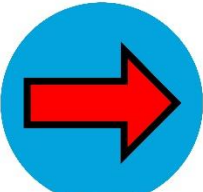

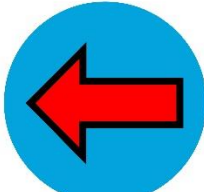

### Felragasztandó nyilak a kupakokra:
